PROJECTS

Wanderlust

June 2023

Developed a travel accommodation booking.

- Implemented RESTful APIS to handle CRUD operations for listings, bookings, and user profiles.
- Designed responsive and user-friendly front-end interfaces for seamless user experience.
- Integrated MongoDB to manage and retrieve data efficiently, ensuring quick search and filter functionalities.
- Implemented user authentication to secure the creation and editing of blog posts.

Blogify Hub

March 2024

Created a basic blog website with functionality to create, edit, and delete blog posts

- Developed server-side logic with Node.js and Express.js to handle CRUD operations for blog posts.
- Designed a clean and intuitive front-end interface using HTML, CSS, and Bootstrap.
- Utilized MongoDB for storing blog posts, ensuring efficient data management and retrieval.

CERTIFICATION

- Completion of MERN Stack Development (Bharat Intern).
- Completion of Summer Training (Techpile Technology Pvt Ltd).
